

Consortium fee

The consortium fee per year is 4,500 EUR for EU/EEA-EFTA students and 8,000 EUR for third-country students. The consortium fee is the same irrespective of study track/institution.

The consortium fee covers: the matriculation at two host universities, the cost of training, the cost of the introductory weeks, the cost of local language courses, administrative costs of the Master's Course, other organisational costs, travel costs to the joint two-week summer module.

Not included are: travel costs to first and second year institutions, travel and other costs for thesis fieldwork. Costs related to course specific excursions or field trips are not covered. Your local SUFONAMA academic contact person will inform you of any such expenses.

The annual consortium fee is withdrawn from the SUFONAMA Scholarship every year in August as per the Student Standard Contract. Students without an Erasmus Mundus scholarship will receive invoices to be paid in August and January.
